

February 1, 2019

Dear SECO Energy member,

Thank you for attending the SECO Energy 2019 Annual Meeting and participating in the cooperative business model and member-driven governance. I join the Board of Trustees in recommending a one paragraph revision to the SECO Energy Bylaws and a related amendment to the cooperative's Articles of Incorporation.

The recommended revision and related amendment allow your Board the flexibility to authorize "by mail or electronic" voting on matters identified through official SECO Energy meeting notices. Members casting such votes shall be counted as present in person at such meetings for determination of quorum. This change will allow you the members the ability to vote electronically or by mail on cooperative business conducted at an Annual Meeting even if you are unable to attend.

The recommended revision to the Bylaws is found in the Voting Packet with the blue cover (see Article III, Section 5 for reference). The recommended amendment to the Articles of Incorporation is found in the Voting Packet with the orange cover (see Article VI, Section 5 for reference). Because these recommended changes are related, both must pass or neither can pass. Furthermore, per Florida Statute, the approval of an amendment to the Articles of Incorporation requires a supermajority. The Bylaws revision approval requires a simple majority.

Please read through the Voting Packets on Annual Meeting day. Each back cover includes a "Yes, I approve" placard, and a "No, I disapprove" placard. During the Articles of Incorporation amendment and Bylaws revision votes, please hold up the corresponding placard to indicate your vote. We will capture crowd photos of the votes and will only collect the placards if a clear outcome is not visually apparent.

I personally support both the Articles of Incorporation amendment and the Bylaws revision. During the Q&A, I, our cooperative attorney or a member of SECO's executive leadership will answer questions about the amendment and revision.

Sincerely,

A handwritten signature in black ink that reads "Jim Duncan". The signature is written in a cursive, flowing style.

**THIS PAGE IS PART OF THE OFFICIAL NOTICE OF SECO ENERGY'S 2019 ANNUAL MEETING.**

One of the benefits of the Sumter Electric Cooperative, Inc. (d/b/a SECO Energy) business model is member involvement in its governance. The Board of Trustees has approved and recommends the below revision to the SECO Energy Bylaws and a related amendment to its Articles of Incorporation. Deleted words are lined through and new words are underlined. The questions of whether to approve the revision and amendment are part of the March 23, 2019 SECO Energy Annual Meeting agenda and will be put to member vote that day.

Currently, the Bylaws and Articles of Incorporation do not give the Board of Trustees flexibility to accept member votes by mail or electronically. If adopted, the recommended revision and amendment will allow the Board the flexibility to authorize by mail or electronic voting on matters identified through official SECO Energy meeting notices. Members casting such votes would be counted as present in person at meetings for determination of quorum. This change would let the Board adopt a policy allowing you as a member to vote electronically or by mail on cooperative business even if you are unable to attend a member meeting. The recommended revision and amendment will be included in your Voting Packets at the Annual Meeting on March 23. If you cannot attend, you may submit feedback at [SECOEnergy.com](http://SECOEnergy.com). Click the Annual Meeting RSVP banner to find the Bylaws/Articles feedback submission form.
