

AMI METER EXCHANGE

METER UPGRADED TO HONEYWELL AMI METER

Your premises received a new AMI (advanced metering infrastructure) meter manufactured by Honeywell that provides detailed usage data and other energy-saving tools to help you save money on your bill.

Through our online account manager SmartHub, you can build a home profile that will provide enhanced user data. Enroll to receive emails or texts with billing information and set usage thresholds that notify you of unusual consumption and many more exciting and smart features.

Data integration with the new meter may take up to 60 days. To view daily usage readings, schedule a payment, enroll in bank draft or pay your bill with a stored form of payment, use the QR codes below to download SmartHub.

UNABLE TO INSTALL UPGRADED HONEYWELL AMI METER

SECO Energy's contractor (Honeywell) was unable to install a new AMI meter at your premises for the reason below:

- Locked Gate
- Aggressive Animal
- Inaccessible Meter
- Refusal*
- Damaged Meter Can
- Meter Reading Issue
- Other _____

The contractor will make a second installation attempt within the next week. Call **1-855-663-1674** if you have questions about the installation.

Through our online account manager SmartHub, you can build a home profile that will provide enhanced user data. Enroll to receive emails or texts with billing information and set usage thresholds that notify you of unusual consumption and many more exciting and smart features.

Data integration with the new meter may take up to 60 days. To view daily usage readings, schedule a payment, enroll in bank draft or pay your bill with a stored form of payment, use the QR codes on the opposite side to download SmartHub.

*Refusal to allow advanced meter installation will result in a PSC approved \$40 monthly meter reading fee added to your bill.
